FLOTSAM

INTRO TO THE CLUB

KIA ORA KOUTOU KATOU

** GIDDAY **

Welcome to another year of University, which comes in many shapes and forms. The reason you are reading this is that you have just become a member of the University Dive Club.

This means only one thing, you want to dive, RIGHT ?

Well, so do we. But, we are able to offer just that bit more that makes the dive club an exeptional club to belong to.(BELIEVE IT OR NOT, ed.)

FIRST : Our dive course(s) for those people wanting to learn how to use scuba for the first time

SECOND : Our social activities for those people who want to meet new people around Varsity

THIRD : We are able to hire out club gear, tanks, boat, compasses, tents, etc At a cheap rate.

So, three very good reasons for investing 10 dollars in a years worth of activities. If all this sounds familiar, then think about this, this time it will really be TRUE.

The club committee, those people who are dedicated to your enjoyment, have already spent a considerable amount of time getting it right, have put together an armload of activities to make sure you will be able to survive the first term.

These include the dive course, more about this later, Freshers camp, an event once described as Hiroshima without the bomb, will be an upcoming attraction of enormity that defies description, and the traditional start of year BBQ and slide show, all for FREE.

CLUB MEETINGS TUESDAY WUNCHTIMES, REC. CENTRE!

Why am I telling you this, because I'm a nice guy basically.
(BELIEVE IT OR NOT, ed.) Seriously folks, these people have
laboured endlessly over summer to ensure the year will be interesting
and exiting. (BELIEVE IT OR NOT ! , ed.) Having got this far you
deserve to know how I know these things. It's simple, I'm
(chortle, chortle) President. Along with Ron, Jimmy, and even
Henry, Steve has now the big time. Sounds a bit over the top I
do admit, but in order to secure your undivided loyalty and attention
all this garbage (the words not the activities), is necessary.

We all look forward to seeing a lot of new and older faces this
year so don't be afraid to jump in at the DEEP end. Have a good
year and don't dissappear into the background as soon as lectures
start.

STEVE

Everyone who has a dog calls him Rover or Boy. I called
mine "sex". Now "sex" has been embarrassing to me. When I
went to renew his dog license at city hall I told the clerk
that I would like a license for "sex". He said "so would I".
Then I said "but it's for a dog". He said he didn't care what
she looked like. Then I said "you don't understand, I've had
"sex" since I was nine years old". He said "you must have been
quite a kid!"

**CLUB
MEETINGS
TUESDAY
LUNCH TIMES,
REC. CENTRE**

When my wife and I separated and went for custody of the
dog, I said "your Hqnor, I had "sex" before I was married". The
judge said "me too." Then I told him after I was married "sex"
left me. He said "me too!"

THE DIVE COURSE !

Well it's that time of the year once again. As the last of the summer sun rolls across the horizon, let that one obstacle to your inner self be totally annihilated.

If you can understand that you're doing pretty well.

The dive course is available for all members once again this year. All you need is \$150 incl GST, mask, snorkel and fins. Not too difficult is it ?

Panmure Underwater has put together a great course for an amazing price once again. Thanks John & Bruce. The cost is cheaper than anything else that is available and the instructors will be first class.

The organisation has been completed and I'm pleased to say that the course will operate as smoothly as can be imagined.

These are the important dates so make a note of them :

Enrolment : This is on March the 12th (Thursday). You will need to be there to secure a place on the course, as there will only be 60-70 positions available.

It will be pay_before_you_learn affair so have the chq_book at the ready. This is where you will learn what your rights will be.

ie. Monday lectures (everybody) then a Tu, We or 2 Thu sessions.

Lectures will be held at University B10 or B28 on Monday nights and pool sessions at Swimarama Panmure on Tu, We, 2 Thu nights.

The first part of the dive test will be end April. It is important that everybody completes all their pool sessions and both parts of the test.

For those people who require mask, snorkel, or fins for the course the best thing to do is to go out to Panmure Underwater, by the round about in Panmure and tell John you're from University and he'll organise a good price and good advice for you.

Any further problems or queries ring me (Steve) 863-381

BBQ

An annual free BBQ once again. This year it will be on Thursday March 5th in the BBQ AREA. Once again free, it will be followed by a slide show from Ron Blake. Ron does the bookings for some of the most used boats around Auckland and he has promised to show us slides of some of the best spots all over the North Island, the Kermadecs and Fiji.

When I was married and went on my honeymoon I took the do
with me. I told the clerk that I wanted a room for my wife and
and a special room for "sex". He said that every room in the
place was for sex. I said "you don't understand "sex" keeps me
wake at night. The clerk said "me too".

FRESHERS CAMP

Get the togs, towel and snorkelling gear together for March 13-15. The annual freshers camp is happening at (Opotoure.) We've been there before, the facilities and area are great. Take time out to meet the dive club committee and mingle with other new and old club members.

Transport has been arranged and it will be a 6:00 leave Friday night and a late Sunday return. Food will be up to the individual, but the club has tents and stoves etc, which we will use.

More info at the club meeting.
